Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
3	Earth Remote Sensing, Regional, Geochemical and Geophysical Research Center Head of Research Center	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
4	Geochemical Research Sector Senior Researcher in Geochemistry	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
5	Geochemical Research Sector Junior Researcher in Geochemistry	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)

		duties.		
6	Geochemical Research Sector Research Fellow in Geochemistry	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	2 years of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
7	Geochemical Research Sector Geologist (Category 2)	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
8	Geochemical Research Sector Geologist (Category 2)	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	2 years of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
9	Geochemical Research Sector Geologist	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
10	Geochemical Research Sector Technician-Geologist	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	Work experience not required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
11	Geological Structural Mapping and Biostratigraphy Sector Research Fellow in Geology	Interview based on job requirements, compliance with internal code of conduct and	2 years of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)

			ethics rules, fulfillment of job duties.		
	12	Geological Exploration Methodology Department Chief Researcher	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	5 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
	13	Geological Exploration Methodology Sector Geologist	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
	14	Geological Exploration Methodology Sector Mining Engineer	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
	15	Mathematical Modeling and Artificial Intelligence in Geology Sector Senior Researcher in Geology	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
	16	Mathematical Modeling and Artificial Intelligence in Geology Sector Technician-Geologist	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	Work experience not required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
	17	Laboratory for Ore Mineral Processing Technology	Interview based on job requirements, compliance with	3 years of work experience in the field required, fluency in	Copy of passport, INPS, copy of diploma, 3x4 photo, work

	Junior Researcher in Mineral Processing	internal code of conduct and ethics rules, fulfillment of job duties.	English, Russian, and Uzbek.	logbook (if available)
18	Mercury Storage Facility Head of Storage Facility	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
19	Methodological Manual Development Department Junior Researcher in Geology	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
20	Methodological Manual Development Department Chemical Engineer	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
21	Chemical Analysis Laboratory Head of Research Laboratory	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	3 years of work experience in the field required, fluency in English, Russian, and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
22	Assay Analysis Laboratory Process Engineer in Metallurgy	Interview based on job requirements, compliance with internal code of conduct and ethics rules, fulfillment of job duties.	1 year of work experience in the field required, fluency in Russian and Uzbek.	Copy of passport, INPS, copy of diploma, 3x4 photo, work logbook (if available)
